Focus	At <b>Auralog</b> we are very proud of our product and remain committed to providing the <b>finest language learning software</b> designed to help the language learner reach their goal. We are confident that TeLL me More® is an extreme value <b>for all users</b> including casual learners through accomplished language enthusiasts.	Rosetta Stone is designed to teach catch phrases general words and allow the learner to use deduction <b>only</b> . Primarily using the same <b>flashcard</b> technique throughout the entire course. Use total immersion- Learner will have to guess at word definition or purchase a dictionary.
